

## HOW TO FILL OUT THE FORM REQUIRED FOR TRAVEL TO RAPA NUI (FUI)

---

**Due to requirements by Chilean authorities, travelers who will visit Rapa Nui (Easter Island) must currently each fill out an electronic form ahead of their travel there with their travel details. This form should be filled out within the 48 hours ahead of your flight to Rapa Nui.** It is your responsibility to fill out this form as Knowmad isn't allowed to fill this form out on your behalf. Please note this form is required for each individual traveler going to Rapa Nui. Note: We strongly recommend using your hotel's wifi and/or printer to complete this electronic form as soon as you are within the 48-hour window.

Once you are within 48 hours from your flight to Rapa Nui, follow the below instructions:

- Go to this website: <https://ingresorapanui.interior.gob.cl/>
  - Click the British flag in the top right-hand corner of the page, to change the language to English.
- Select "Airplane". More fields will appear below.
- Enter the following information:
  - Your name
  - Passport information
  - Flight number
  - Travel dates
  - Hotel name
  - Hotel SERNATUR code (your Operations Specialist will have included this in your Buen Viaje packet)
- Follow the rest of the prompts to submit your application.
- You should receive an email from the Chilean authorities afterward. This will include an individualized entry number.
- Once you have received the email, make sure you have it saved so that you can present this confirmation at the airport if the officials (PDI) request it. We suggest taking a screenshot, downloading the email to your phone, or printing it out at your hotel.

On the day of your flight to Rapa Nui:

- On arrival at the Santiago airport, please ask LATAM staff which counter has been assigned for flights to Rapa Nui.
- Documents that you need to show during the check-in process:
  - Original Covid vaccination card (same that you showed upon entering Chile)
  - FUI confirmation email
  - Hotel confirmation (included in your Buen Viaje packet)
  - Negative PCR for test taken within 48 hours of flight's departure time
- After check-in, continue to the PDI (Police border control officials) as per instructions by LATAM staff. Here, they will review your passport and boarding pass.
  - You may or may not need to present this confirmation email and/or a copy of your hotel reservation (provided in your *Buen Viaje* packet).
- Historically, travelers are provided with a stamped tourist card receipt at this point. Don't lose any paperwork given to you by authorities. If provided to you, your stamped tourist card receipt will be

- required for boarding the plane to Easter Island and airline staff will collect it when boarding.
- Once all your documentation has been approved & procedures completed, they will then confirm you are ready to proceed as usual through security to your gate for boarding.
